 **Better
Stands
Gold**

Exhibiting doesn't have to be complex.

Get the complete exhibiting experience with **FullVision Spaces Packages**.

Each stand has been designed to:

- Ensure you have all the essentials to make your brand stand out.
- Provide a durable & sustainable stand structure with vibrant, full-colour graphics to grab your audience's attention!
- Save you time & money creating a stand design from scratch
- Place your product front and centre

Rest assured, and take it easy knowing your next event is in good hands.

We've got everything covered.

What is Better Stands?

Through our commitment to the evolution of the events industry, we aim to ensure we are delivering the best possible experience for our customers.

The Better Stands programme aims to unite and encourage exhibitors, along with their appointed contractors, to move away from disposable, single use stands at events, in favour of reusable structures.

A disposable stand (booth) is a space only (raw space) build that is used only once at a single event.

They are typically constructed from poor quality raw materials onsite which are then demolished post show and sent to either landfill or burnt for energy.

By moving away from the use of disposable stands we will improve the ease, safety and sustainability of the exhibitor experience at events.

We would like you to join us moving towards the **future of events.**

Full Vision are proud to comply with the Better Stands Program to the Gold Standard

What is included?

Stand structure and graphics

Power sockets & electricity
